K2: Life and Death on the World's Most Dangerous Mountain By Ed Viesturs, David Roberts

A thrilling chronicle of the tragedy-ridden history of climbing K2, the world's most difficult and unpredictable mountain, by the bestselling authors of *No Shortcuts to the Top*

At 28,251 feet, the world's second-tallest mountain, K2 thrusts skyward out of the Karakoram Range of northern Pakistan. Climbers regard it as the ultimate achievement in mountaineering, with good reason. Four times as deadly as Everest, K2 has claimed the lives of seventy-seven climbers since 1954. In August 2008 eleven climbers died in a single thirty-six-hour period on K2—the worst single-event tragedy in the mountain's history and the second-worst in the long chronicle of mountaineering in the Himalaya and Karakoram ranges. Yet summiting K2 remains a cherished goal for climbers from all over the globe. Before he faced the challenge of K2 himself, Ed Viesturs, one of the world's premier high-altitude mountaineers, thought of it as "the holy grail of mountaineering."

In *K2: Life and Death on the World's Most Dangerous Mountain*, Viesturs explores the remarkable history of the mountain and of those who have attempted to conquer it. At the same time he probes K2's most memorable sagas in an attempt to illustrate the lessons learned by confronting the fundamental questions raised by mountaineering—questions of risk, ambition, loyalty to one's teammates, self-sacrifice, and the price of glory. Viesturs knows the mountain firsthand. He and renowned alpinist Scott Fischer climbed it in 1992 and were nearly killed in an avalanche that sent them sliding to almost certain death. Fortunately, Ed managed to get into a self-arrest position with his ice ax and stop both his fall and Scott's.

Focusing on seven of the mountain's most dramatic campaigns, from his own troubled ascent to the 2008 tragedy, Viesturs and Roberts crafts an edge-of-your-seat narrative that climbers and armchair travelers alike will find unforgettably compelling. With photographs from Viesturs's personal collection and from historical sources, this is the definitive account of the world's ultimate mountain, and of the lessons that can be gleaned from struggling toward its elusive summit.

Editorial Review

Users Review

From reader reviews:

Leroy Mallett:

As people who live in the modest era should be up-date about what going on or facts even knowledge to make them keep up with the era which is always change and move ahead. Some of you maybe will update themselves by reading books. It is a good choice to suit your needs but the problems coming to anyone is you don't know what type you should start with. This K2: Life and Death on the World's Most Dangerous Mountain is our recommendation to make you keep up with the world. Why, because book serves what you want and need in this era.

Diana Gum:

Typically the book K2: Life and Death on the World's Most Dangerous Mountain has a lot of knowledge on it. So when you make sure to read this book you can get a lot of benefit. The book was authored by the very famous author. This articles author makes some research ahead of write this book. That book very easy to read you will get the point easily after reading this article book.

Judith Ellis:

Exactly why? Because this K2: Life and Death on the World's Most Dangerous Mountain is an unordinary book that the inside of the book waiting for you to snap this but latter it will distress you with the secret this inside. Reading this book alongside it was fantastic author who else write the book in such awesome way makes the content within easier to understand, entertaining approach but still convey the meaning fully. So , it is good for you for not hesitating having this any more or you going to regret it. This excellent book will give you a lot of benefits than the other book have such as help improving your expertise and your critical thinking technique. So , still want to delay having that book? If I were you I will go to the book store hurriedly.

Russell Fielder:

Are you kind of occupied person, only have 10 as well as 15 minute in your morning to upgrading your mind skill or thinking skill actually analytical thinking? Then you are receiving problem with the book in comparison with can satisfy your limited time to read it because this time you only find book that need more time to be read. K2: Life and Death on the World's Most Dangerous Mountain can be your answer mainly because it can be read by an individual who have those short spare time problems.
