### The Essene Gospel of Peace - Book Two: The Unknown Books of The Essenes By Jesus Christ

The original hebrew and aramaic texts  
Not included in the Holy Bible

The content of this book represents only about a third of the complete manuscripts which exist in Aramaic in the Secret Archives of the Vatican and in old Slavonic in the Royal Archives of the Habsburgs (now the property of the Austrian Government). We owe the existence of these two versions to the Nestorian priests who, under pressure of the advancing hordes of Genghis Khan, were forced to flee from the East towards the West, bearing all their ancient scriptures and ikons with them. The ancient Aramaic texts date from the 3rd century after Christ, while the old Slavonic version is a literal translation of the former. Exactly how the texts traveled from Palestine to the interior of Asia into the hands of the Nestorian priests, archeologists are not yet able to reconstruct for us. We have nothing to add to this text. It speaks for itself. The reader who studies the pages that follow with concentration, will feel the eternal vitality and powerful evidence of these profound truths which mankind needs today more urgently than ever before.
