### Editorial Review

#### Amazon.com Review

This is not one of those pencil mazes you worked on as a kid. The entire book is one addictive maze. Each page spread is a room leading to other page/rooms. Your goal is to find the shortest route to the center and back while solving the puzzle in the center room--if you can figure out what the puzzle is. But then, *each* room is a puzzle filled with clues to decipher. Read the text and examine the gorgeous illustrations carefully. Beware--not every clue can be trusted. If you're an online gamer, consider this a Web site you can carry wherever you go.
