## Python For Kids For Dummies By Brendan Scott

### The kid-friendly way to learning coding with Python

Calling all wanna-be coders! Experts point to Python as one of the best languages to start with when you're learning coding, and *Python For Kids For Dummies* makes it easier than ever. Packed with approachable, bite-sized projects that won't make you lose your cool, this fun and friendly guide teaches the basics of coding with Python in a language you can understand. In no time, you'll be installing Python tools, creating guessing games, building a geek speak translator, making a trivia game, constructing a Minecraft chat client, and so much more.

Whether you don't have the opportunity to take coding classes at school or in camp—or just simply prefer to learn on your own—*Python For Kids For Dummies* makes getting acquainted with this popular coding language fast and easy. It walks you step-by-step through basic coding projects and provides lots of hands-on tasks that give you a sweet sense of accomplishment when you complete them. What's not to love about that?

- Navigate the basics of coding with the Python language
- Create your own applications and games
- Find help from other Python users
- Expand your technology skills with Python

If you're a pre-to-early-teen looking to add coding skills to your creativity toolbox, *Python For Kids For Dummies* is your sure-fire weapon for getting up and running with one of the hottest programming languages around.

About the Author

Brendan Scott is a dad who loves Python and wants kids to get some of its magic too. He started [pythonforkids.brendanscott.com](http://pythonforkids.brendanscott.com) to help teach his oldest child to code. He maintains it to help other young people learn Python.

### Users Review

**From reader reviews:**

**Susan Burroughs:**

Inside other case, little men and women like to read book Python For Kids For Dummies. You can choose the best book if you appreciate reading a book. So long as we know about how is important the book Python For Kids For Dummies. You can add information and of course you can around the world by just a book. Absolutely right, because from book you can know everything! From your country right up until foreign or abroad you will find yourself known. About simple thing until wonderful thing you could know that. In this era, we can easily open a book or searching by internet product. It is called e-book. You may use it when you feel bored to go to the library. Let's study.

**Graciela Tubbs:**

Book will be written, printed, or descriptive for everything. You can know everything you want by a reserve. Book has a different type. As it is known to us that book is important factor to bring us around the world. Close to that you can your reading talent was fluently. A guide Python For Kids For Dummies will make you to possibly be smarter. You can feel considerably more confidence if you can know about every little thing. But some of you think this open or reading any book make you bored. It's not make you fun. Why they may

be thought like that? Have you trying to find best book or suitable book with you?

**Anna Lewis:**

The book untitled Python For Kids For Dummies is the guide that recommended to you to see. You can see the quality of the guide content that will be shown to anyone. The language that creator use to explained their way of doing something is easily to understand. The author was did a lot of analysis when write the book, so the information that they share to you is absolutely accurate. You also can get the e-book of Python For Kids For Dummies from the publisher to make you far more enjoy free time.

**Geneva Ricks:**

This Python For Kids For Dummies is great e-book for you because the content which can be full of information for you who always deal with world and still have to make decision every minute. This specific book reveal it info accurately using great organize word or we can state no rambling sentences inside it. So if you are read that hurriedly you can have whole data in it. Doesn't mean it only provides straight forward sentences but tough core information with attractive delivering sentences. Having Python For Kids For Dummies in your hand like finding the world in your arm, information in it is not ridiculous one particular. We can say that no e-book that offer you world inside ten or fifteen second right but this publication already do that. So , this really is good reading book. Hi Mr. and Mrs. active do you still doubt this?
