Relics of Camelot (The Legendary Series Book 3) By L.H. Nicole

Making a devil's bargain with a Fae queen is a dangerous thing.

Thrown back to the golden days of Camelot, Aliana needs to find the object that will lead her and the Knights of the Round Table to the Grail of Power. But Aliana, the Destined One, must also figure out and complete a mysterious task before she can return to her own time. The consequences of revealing Camelot's future to King Arthur or any member of the Round Table family could be devastating, and keeping the future a secret becomes harder by the day. She is forced to keep her secrets, feeling more alone than ever, even with the support of her new friends and allies. With the unwelcome knowledge of their looming deaths, will she be able to resist the temptation to save the people she loves?

While she is trying to figure out her purpose for being sent to the past, the attentions of Sir Galahad and King Arthur continue to be a delightful yet confusing distraction. Her feelings for Arthur—even this version of him who doesn't know her—continue to grow. The sparking sensation she'd normally felt whenever she touched Sir Galahad is mysteriously missing, but she can't deny a continued connection with the protective knight.

Weapons powerful enough to destroy even Excalibur surface, along with a shadowy figure that even seems to have influence over Mordrid. The time of the eclipse grows ever closer and everything Aliana thought she knew will once again be tossed into question as she continues on her legendary quest.
