### Riders By Veronica Rossi

*Riders*. A new fantasy adventure from *New York Times* and *USA Today* bestselling author Veronica Rossi.

For eighteen-year-old Gideon Blake, nothing but death can keep him from achieving his goal of becoming a U.S. Army Ranger. As it turns out, it does.

Recovering from the accident that most definitely killed him, Gideon finds himself with strange new powers and a bizarre cuff he can't remove. His death has brought to life his real destiny. He has become War, one of the legendary four horsemen of the apocalypse.

Over the coming weeks, he and the other horsemen--Conquest, Famine, and Death--are brought together by a beautiful but frustratingly secretive girl to help save humanity from an ancient evil on the emergence.

They fail.

Now--bound, bloodied, and drugged--Gideon is interrogated by the authorities about his role in a battle that has become an international incident. If he stands any chance of saving his friends and the girl he's fallen for--not to mention all of humankind--he needs to convince the skeptical government officials the world is in imminent danger.

But will anyone believe him?

### Editorial Review

From School Library Journal

Gr 8 Up—Gideon Blake worked all of his life to become a U.S. Army Ranger. However, when he regains consciousness after what seemed to be a fatal accident, he finds himself healing instantaneously and branded with a strange cuff on his wrist. Along with his superpowers, Gideon seems to be feared by many—even after his attempts to be friendly. After a mysterious girl named Daryn finds him, he discovers that he has become War—one of the legendary Horsemen of the Apocalypse. He and three others—Conquest, Famine, and Death—must save the human race from an emerging evil from the past. Unfortunately, they fail, and Gideon is left to convince the U.S. government that the human race is still at risk. Rossi has laid the groundwork for an intense new series sure to be loved by the author's fans. Told from Gideon's point of view with a tone that makes him seem like a real character and not the superhuman that he is, this novel will engage teens. VERDICT Intense enough for reluctant readers yet sophisticated enough to entice those who enjoy books with a military background and lots of action.—Karen Alexander, Lake Fenton High School, Linden, MI
