The Origins of Adversary Criminal Trial (Oxford Studies in Modern Legal History) By John H. Langbein

The adversary system of trial, the defining feature of the Anglo-American legal procedure, developed late in English legal history. For centuries defendants were forbidden to have legal counsel, and lawyers seldom appeared for the prosecution either. Trial was meant to be an occasion for the defendant to answer the charges in person.

The transformation from lawyer-free to lawyer-dominated criminal trial happened within the space of about a century, from the 1690's to the 1780's. This book explains how the lawyers captured the trial. In addition to conventional legal sources, Professor Langbein draws upon a rich vein of contemporary pamphlet accounts about trials in London's Old Bailey. The book also mines these novel sources to provide the first detailed account of the formation of the law of criminal evidence.

Responding to menacing prosecutorial initiatives (including reward-seeking thieftakers and crown witnesses induced to testify in order to save their own necks) the judges of the 1730's decided to allow the defendant to have counsel to cross-examine accusing witnesses. By restricting counsel to the work of examining and cross-examining witnesses, the judges intended that the accused would still need to respond in person to the charges against him. Professor Langbein shows how counsel manipulated the dynamics of adversary procedure to defeat the judges design, ultimately silencing the accused and transforming the very purpose of the criminal trial. Trial ceased to be an opportunity for the accused to speak, and instead became an occasion for defense counsel to test the prosecution case.

Editorial Review

Review

"...an extraordinarily interesting book, based on deep research and advanced in a remarkably cogent fashion."-- *TLS*

"The Origins of Adversary Criminal Trial is a most valuable study. Langbein has done hard historical spade work, going through scores of dusty forgotten papers to help trace the development. It is exciting to read about the development of hearsay rules, of the right to counsel, and of other rights of defendants. But Langbein's book is also valuable for its relevance to how we interpret and use the law even today. It adds to our understanding of the life of the law."--*The Federal Lawyer*

You will easily to buy this book in the book shop or you can order it by using online. The publisher on this book sells the e-book too. It makes you easier to read this book, because you can read this book in your Cell phone. So there is no reason for you to past this reserve from your list.

Contessa Watkins:

Typically the book The Origins of Adversary Criminal Trial (Oxford Studies in Modern Legal History) has a lot of information on it. So when you read this book you can get a lot of profit. The book was published by the very famous author. The author makes some research before write this book. That book very easy to read you may get the point easily after scanning this book.

Anthony Martin:

As a scholar exactly feel bored to help reading. If their teacher requested them to go to the library or to make summary for some e-book, they are complained. Just little students that has reading's spirit or real their hobby. They just do what the teacher want, like asked to the library. They go to at this time there but nothing reading critically. Any students feel that studying is not important, boring along with can't see colorful photos on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this The Origins of Adversary Criminal Trial (Oxford Studies in Modern Legal History) can make you truly feel more interested to read.
