### Editorial Review

From the Back Cover

Doing Research in Business and Management

Mark Saunders

Philip Lewis

Are you looking for advice about your research project?

Are you not sure where to start, or how to choose your research topic?

Have you got some data and don't know what to do with it next?

If you need any help with your research project or dissertation then this book is ideal for you. *Doing Research in Business and Management* brings research methods to life, covering critical literature review projects, projects using existing data, and those projects where you collect your own data. It explains how to write your research proposal and complete your entire research project. The concise and easy-to-read style combined with clear tables and diagrams makes it highly accessible. 'Definition' boxes explain key terms and 'Research in practice' boxes show how the research is used in real life, making this *the* book you need to successfully complete your project.
