National Geographic Complete Survival Manual By Michael Sweeney

National Geographic Complete Survival Manual is the most comprehensive, authoritative, and user-friendly reference of its kind—and the only one with firsthand advice from the experts at National Geographic and four of the top organizations of emergency preparedness. Beginning with the basics of survival, the book then focuses on how to survive in six of the world's most hazardous environments—from building a snow fort if you're lost in a blizzard, to surviving a rattlesnake bite in the desert, to navigating safely through the dense rainforest.

The manual also offers essential instructions for weathering eight different natural disasters, from hurricanes and tornadoes to earthquakes and forest fires, including an entire chapter on home-based survival. Plus, ten National Geographic explorers, photographers, and scientists, candidly share their own near-death stories and how they lived to tell them.

Each chapter is full of detailed, custom-drawn illustrations that lay out how-tos in easy to follow steps. Bulleted lists, first-person stories, a glossary, cross-referencing, an appendix, and an index round out the reference features. With 200 color photographs and maps, and a durable, waterproof cover, this vital reference is a necessity for families, seniors, outdoor enthusiasts, and anyone who needs to know what to do in a real emergency situation.

Users Review

From reader reviews:

Elnora Perry:

This book untitled National Geographic Complete Survival Manual to be one of several books in which best seller in this year, this is because when you read this book you can get a lot of benefit into it. You will easily to buy this book in the book retailer or you can order it through online. The publisher in this book sells the e-book too. It makes you more readily to read this book, since you can read this book in your Smart phone. So there is no reason to you personally to past this publication from your list.

Johnny Ballance:

Often the book National Geographic Complete Survival Manual has a lot associated with on it. So when you check out this book you can get a lot of gain. The book was written by the very famous author. This articles author makes some research before write this book. This kind of book very easy to read you can find the point easily after reading this book.

Diana Gum:

Many people spending their time period by playing outside along with friends, fun activity with family or just watching TV the entire day. You can have new activity to shell out your whole day by reading through a book. Ugh, think reading a book can really hard because you have to take the book everywhere? It all right you can have the e-book, delivering everywhere you want in your Touch screen phone. Like National Geographic Complete Survival Manual which is obtaining the e-book version. So , why not try out this book? Let's see.

Anthony Koch:

As a pupil exactly feel bored in order to reading. If their teacher requested them to go to the library or to make summary for some reserve, they are complained. Just tiny students that has reading's heart and soul or real their leisure activity. They just do what the educator want, like asked to go to the library. They go to presently there but nothing reading significantly. Any students feel that examining is not important, boring in addition to can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for

you. As we know that on this period of time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this National Geographic Complete Survival Manual can make you truly feel more interested to read.
