The Sentinel Mage (The Cursed Kingdoms Trilogy Book 1) By Emily Gee

Her magic may be the only thing that can save a prince?and the Seven Kingdoms.

In a distant corner of the Seven Kingdoms, an ancient curse festers and grows, consuming everything in its path. Only one man can break it: Harkeld of Osgaard, a prince with mage's blood in his veins. But Prince Harkeld has a bounty on his head?and assassins at his heels.

Innis is a gifted shapeshifter. Now she must do the forbidden: become a man. She must stand at Prince Harkeld's side as his armsman, protecting and deceiving him.

But the deserts of Masse are more dangerous than the assassins hunting the prince. The curse has woken deadly creatures, and the magic Prince Harkeld loathes may be the only thing standing between him and death.

"Dark and compelling. Emily Gee is a storyteller to watch." ~ Nalini Singh, author of the Psy-Changeling and Guild Hunter series

"Her haunting prose reads like Hans Christian Andersen for twenty-first century adults." ~ Mindy Klasky, author of the Glasswrights series

Editorial Review

Review

"The writing is exceptional. A page-turner that you just can't put down."

~ Stephan @ The Ranting Dragon

"It is traditional fantasy fare - shapeshifters, magic, princes, assassins, plagues, quests, undead things...you know, the usual. But what lifts it high above the mundane is Ms. Gee's excellent writing. As the first book of The Cursed Kingdom trilogy it is rock solid and well written. Emily Gee is a fantastically talented writer."

~ Liz @ My Favourite Books

"The Sentinel Mage is an addictive story, one that I had to wrestle from my hands at the beginning of the working day and at the end of lunchtime."

~ Kelvin @ Albedo 1

"This is the type of fantasy novel that I love to read, where character development is so well executed and it runs throughout the entire novel."

~ J.L. @ Vine Voice

"Death and magic, zombies and assassins, fighting and fleeing. What more could you ask for?"

~ Fantasy Book Reviews

What readers are saying about The Sentinel Mage:

"I've read a few fantasy books in my time being 54 years old, but I have got to say, the Cused Kingdom Trilogy is the best thing I've read in years."

"Adrenaline-pumping adventure."

"This novel has it all. Zombies, magic, shapeshifters, adventure, romance..."

"I stayed up to the middle of the night to finish it and immediately purchased the second one and devoured that one too!"

"Best fantasy of the year. Gee creates a marvelous world."

"Loved it, can't wait to read the next one."

"Very strong women characters. Read the last thru the night, just that good!"

"It's a page turner! Once you start it's sooo hard to put down!"

"I absolutely loved this book. I read 350 pages in one sitting..."

"The best book I've ever read!"

"I enjoyed the book from the very first page."

"Nobody here is implausible, nobody is out of focus - they're all sharply drawn and seem believable. It's so rare these days to get that attention to realism in character personality building, and I love it."

"This book was wonderful. I got so involved in it that I couldn't do any homework or anything else until I finished it. And then I wanted more."

"A 'realistic' swords and sorcery fantasy. Not just swashbuckling muscle men and seductive witches, but a complex back story, social issues and political intrigues."

"Probably one of the best books I've read in the last year or two (and that's a couple hundred books)."

"Entertaining and exciting."

"Hard to put down. Never a dull moment."
