Editorial Review

Amazon.com Review

Lewis Carroll's *Alice's Adventures in Wonderland* has continuously delighted readers, young and old, for more than a century. This classic tale, interpreted by many outstanding artists over the years, is a remarkable story of one little girl who embarks on possibly one of the most amazing adventures in literary history. In this stunning special edition, Helen Oxenbury turns her hand to what is certainly no small project and has succeeded in surpassing expectation. More abundantly illustrated than other editions of the same work, this unabridged version is packed with contemporary and accessible interpretations of the kaleidoscope of characters--the White Rabbit, the Mad Hatter, the Cheshire Cat, the Queen of Hearts--who have each captured the imaginations of generations of children. Alice herself is portrayed as a thoroughly modern miss--casually dressed, personable, and spirited--and her surroundings are brought to effervescent life with a warmth, depth, and distinctive sense of humor that perfectly complement the shenanigans of the topsy-turvy world of Wonderland. (Ages 7 and older) --*Susan Harrison, Amazon.co.uk*

From Publishers Weekly

wonderland revisited Spanish illustrator Angel Dominguez fills an unabridged edition of Lewis Carroll's *Alice's Adventures in Wonderland* with 75 watercolors, most of them closely packed with lush oversized flowers, strange creatures and winding vines reminiscent of Art Nouveau--often against bizarrely serene pastoral backgrounds. Exotic birds and animals, such as peacocks and zebras, wander through the picture frame. While the illustrations bring out the text's absurdity, pretty-in-pink Alice provides a counterpoint not of normalcy but of sentimentality.

From School Library Journal

Grade 2 Up--In this delightful companion to Oxenbury's illustrated version of Carroll's *Alice's Adventures in Wonderland* (Candlewick, 1999), Alice now wears black tights and a white long-sleeved shirt to suit the winter setting (Without, the frost, the blinding snow,/The storm-wind's moody madness--/Within, the firelight's ruddy glow,/And childhood's nest of gladness). Leaving the cozy room behind, she steps through the looking glass and into a world depicted in warm watercolors, sepia-toned illustrations, and line drawings. Not a word of the original tale has been altered. The artwork echoes the whimsy of the language, clearly showing Alice's amusement at the antics of Tweedledum and Tweedledee, her frustration at the impossibility of slicing a Looking-glass cake, her affection for the gentle White Knight, and her exasperation when both the White and the Red Queen fall asleep snuggled against her. The large font and numerous illustrations, including many single- and double-page paintings, make this edition inviting for reading aloud or alone. The artwork has an engaging openness to it, and Alice comes across as a real child, making it easy for readers to imagine themselves exploring the wonders of this make-believe realm.--*Joy Fleishhacker, School Library Journal*
