What are others saying about the book?

"This book is really great and has incredible detail about the 50 date ideas. I love how every idea is broken down and laid out well. I plan on trying every one of them if I can. No doubt a 5/5."

- Dani G.

"Yes, there are lots of great ideas for dates in here. More importantly there is priceless information about mindset that has altered my how and why of all my dates henceforth."

- J. Newberry

The dates ideas themselves are where the magic is at. No boring "dinner and the movie theatre" here (Do people still do those? Why? You can't talk for 2 hours, go and CONNECT already!). There's the classic stuff like "People watching" and "Mini-Golf", but then there's the more creative things like "Spanish Themed Night-In", "Sexy Jenga", and "Build a fort together" (personal favourite). The date ideas start with a quick description, a 5-star system broken down into various ratings from conversational ease, to cost, to "brag worthiness". Then it illustrates the Fine Print, Built-in Benefits, and Troubleshooting. The reading is light, simple, and to-the-point.

- J. Wang

"The book is packed with a huge range/variety of creative dates. It goes into great detail in highlighting the pros/strengths of each date depending on what you're looking for (physical intimacy, emotional intimacy, conversational ease, and cost-effectiveness). There's also awesome feedback and suggestions for what to do when something doesn't go as planned (this is real life, after all).

All I can say is this book is a MUST READ for any guy (or even girls!)."
