## China's Diplomacy: Theory and Practice By Jiemian Yang

This book offers a comprehensive review of the Communist Party of China's approach to diplomacy, through an extensive evaluation of the major practices and theories behind the Party's diplomacy, with its main achievements in its 90 years of diplomacy highlighted. It delves into the views held by the Communist Party of China on the changing times, the international system, national interests, and developments in China's diplomacy. Other topics covered at length include China's traditional and non-traditional diplomatic practices as well as basic characteristics of the Party's diplomacy.

Few books have touched on the Communist Party of China's diplomatic history in detail. *China's Diplomacy: Theory and Practice* fills the gap by shedding insights on the Communist Party of China's global strategies and diplomatic planning, contributing to the building an international relations theory with Chinese characteristics. Readers will gain a deeper understanding of China's international relations from the forward-looking analyses on the Party's core role in leading China's diplomacy, and the theoretical explanations behind the practices.

### Contents:

- Leadership and Achievements of the CPC in China's Diplomacy (*YANG Jiemian*)
- **Theory:**
  - The Concept of the Times and the Foreign Policy of China (*YE Qing*)
  - The Concept of the International System and China's Foreign Policy (*ZHANG Pei*)
  - The Concept of National Interests (*LIU Zongyi*)
  - Scientific Outlook on Development and China's Diplomacy (*ZHANG Haibing*)
- **Practice:**
  - Traditional Deployments of China's Diplomacy (*ZHANG Chun*)

## Editorial Review

### Review

*"This phenomenal volume provides distinctive viewpoints of the Communist Party of China on international politics and China's foreign relations. For those who are interested in how China's diplomacy has evolved from carrying out a 'revolutionary line' to pursuing the 'path of peaceful development', this is a must-read." - Wang Jisi, Dean of the School of International Studies, Peking University*

*"This comprehensive volume seeks to lay out the 'leadership and achievements of the Communist Party of China in China's diplomacy'. It takes a multifaceted approach, deeply rooted in the entire history of the CPC. For a foreign reader, perhaps this book's greatest value lies in its detailed explication of a Chinese perspective on the Party's diplomatic theories and practice over the past ninety years. As such, it provides many valuable insights." -- Kenneth Lieberthal, Senior Fellow at the Brookings Institution*

*"The book on China's foreign policies is a unique instrument not only to know but also to understand China. It is a guide for knowing the past and informing the future." -- Mr Romano Prodi, former President of the European Commission and Italy's former Prime Minister*
