### Deep Thought: 42 Fantastic Quotes That Define Philosophy By Gary Cox

As Douglas Adams points out, if there is no final answer to question, 'What is the meaning of life?', '42' is as good or bad an answer as any other. Indeed, 42 *quotes* might be even better! Gary Cox guides us through 42 of the most misunderstood, misquoted, provocative and significant quotes in the history of philosophy providing a witty and compelling commentary along the way.

This entertaining and illuminating collection of quotes doesn't merely list who said what and when. Gary Cox claims that each quote is a philosophical thesis in itself. By exploring who a particular philosopher is and what he or she really meant when they said what they said, this book looks for the philosophy within the quote.

Using the writings of everyone from Douglas Adams to A.J. Ayer and Thomas Aquinas to Karl Marx, Gary Cox takes us on a philosophical journey through history, culture and writing to bring us to a deeper understanding of why we think the way we do.
