Bundle: Introduction to Statistics and Data Analysis, Loose-leaf Version, 5th + WebAssign Printed Access Card for Peck/Olsen/Devore's Introduction to ... Printed Access Card for Peck's Statistics: By Roxy Peck, Chris Olsen, Jay L. Devore

Roxy Peck, Chris Olsen, and Jay Devore's new edition uses real data and attention-grabbing examples to introduce students to the study of statistics and data analysis. Traditional in structure yet modern in approach, this text guides students through an intuition-based learning process that stresses interpretation and communication of statistical information. Simple notation--including frequent substitution of words for symbols--helps students grasp concepts and cement their comprehension. Hands-on activities and interactive applets allow students to practice statistics firsthand. INTRODUCTION TO STATISTICS AND DATA ANALYSIS, 5e includes updated coverage of most major technologies, as well as expanded coverage of probability.

Editorial Review

About the Author

Roxy Peck is Emerita Associate Dean of the College of Science and Mathematics and Professor of Statistics Emerita at California Polytechnic State University, San Luis Obispo. A faculty member at Cal Poly from 1979 until 2009, Roxy served for six years as Chair of the Statistics Department before becoming Associate Dean, a position she held for 13 years. She received an M.S. in Mathematics and a Ph.D. in applied statistics from the University of California, Riverside. Roxy is nationally known in the area of statistics education, and she was presented with the Lifetime Achievement Award in Statistics Education at the U.S. Conference on Teaching Statistics in 2009. In 2003, she received the American Statistical Association's Founder's Award, recognizing her contributions to K-12 and undergraduate statistics education. She is a Fellow of the American Statistical Association and an elected member of the International Statistics Institute. Roxy served for five years as the Chief Reader for the Advanced Placement (AP) Statistics Exam and has chaired the American Statistical Association's Joint Committee with the National Council of Teachers of Mathematics on Curriculum in Statistics and Probability for Grades K-12 and the Section on Statistics Education. In addition to her texts in introductory statistics, Roxy is also co-editor of "Statistical Case Studies: A Collaboration Between Academe and Industry" and a member of the editorial board for "Statistics: A Guide to the Unknown, 4th Edition." Outside the classroom, Roxy likes to travel and spends her spare time reading mystery novels. She also collects Navajo rugs and heads to Arizona and New Mexico whenever she can find the time.

Chris Olsen taught statistics at George Washington High School in Cedar Rapids, Iowa, for over 25 years and currently teaches at Grinnell College. Chris is a past member (twice) of the AP Statistics Test Development Committee and has been a table leader at the AP Statistics reading for 12 years. He is a long-time consultant to the College Board and has led workshops and institutes for AP Statistics teachers in the United States and internationally. Chris was the Iowa recipient of the Presidential Award for Excellence in Science and Mathematics Teaching in 1986, a regional awardee of the IBM Computer Teacher of the Year in 1988, and received the Siemens Award for Advanced Placement in mathematics in 1999. Chris is a frequent contributor to and is moderator of the AP Teacher Community online. He is currently a member of the editorial board of "Teaching Statistics." Chris graduated from Iowa State University with a major in mathematics and philosophy. While acquiring graduate degrees at the University of Iowa, he concentrated on statistics, computer programming, and psychometrics. In his spare time he enjoys reading and hiking. He and his wife have a daughter, Anna, a Caltech graduate in Civil Engineering. Her field of expertise is quantification of uncertainty in seismic risk.

Jay Devore is Professor Emeritus of Statistics at California Polytechnic State University. He earned his undergraduate degree in Engineering Science from the University of California at Berkeley, spent a year at the University of Sheffield in England, and finished his Ph.D. in statistics at Stanford University. Jay previously taught at the University of Florida and at Oberlin College and has had visiting appointments at Stanford, Harvard, the University of Washington, New York University, and Columbia University. From 1998 to 2006, he served as Chair of the Cal Poly Statistics Department. In addition to this book, Jay has written several other widely used statistics texts for engineers and scientists and a book in applied mathematical statistics. He recently coauthored a text in probability and stochastic processes. He is the recipient of a distinguished teaching award from Cal Poly, is a Fellow of the American Statistical Association, and has served several terms as an Associate Editor of the "Journal of the American Statistical

Association." In his spare time, he enjoys reading, cooking and eating good food, tennis, and travel to faraway places. He is especially proud of his wife, Carol, a retired elementary school teacher, his daughter Allison, who has held several high-level positions in nonprofit organizations in Boston and New York City, and his daughter Teresa, a high school teacher in Brooklyn.

Users Review

From reader reviews:

Leonard Bassett:

The feeling that you get from Bundle: Introduction to Statistics and Data Analysis, Loose-leaf Version, 5th + WebAssign Printed Access Card for Peck/Olsen/Devore's Introduction to ... Printed Access Card for Peck's Statistics: is a more deep you excavating the information that hide inside the words the more you get thinking about reading it. It does not mean that this book is hard to recognise but Bundle: Introduction to Statistics and Data Analysis, Loose-leaf Version, 5th + WebAssign Printed Access Card for Peck/Olsen/Devore's Introduction to ... Printed Access Card for Peck's Statistics: giving you excitement feeling of reading. The writer conveys their point in selected way that can be understood by anyone who read the idea because the author of this reserve is well-known enough. This specific book also makes your current vocabulary increase well. Making it easy to understand then can go with you, both in printed or e-book style are available. We advise you for having this specific Bundle: Introduction to Statistics and Data Analysis, Loose-leaf Version, 5th + WebAssign Printed Access Card for Peck/Olsen/Devore's Introduction to ... Printed Access Card for Peck's Statistics: instantly.

Kristin Walker:

Hey guys, do you wants to finds a new book you just read? May be the book with the name Bundle: Introduction to Statistics and Data Analysis, Loose-leaf Version, 5th + WebAssign Printed Access Card for Peck/Olsen/Devore's Introduction to ... Printed Access Card for Peck's Statistics: suitable to you? The book was written by popular writer in this era. The particular book untitled Bundle: Introduction to Statistics and Data Analysis, Loose-leaf Version, 5th + WebAssign Printed Access Card for Peck/Olsen/Devore's Introduction to ... Printed Access Card for Peck's Statistics:is one of several books which everyone read now. This kind of book was inspired many men and women in the world. When you read this reserve you will enter the new age that you ever know prior to. The author explained their idea in the simple way, and so all of people can easily to recognise the core of this e-book. This book will give you a wide range of information about this world now. So you can see the represented of the world within this book.

Dawn Campbell:

The book Bundle: Introduction to Statistics and Data Analysis, Loose-leaf Version, 5th + WebAssign Printed Access Card for Peck/Olsen/Devore's Introduction to ... Printed Access Card for Peck's Statistics: will bring someone to the new experience of reading any book. The author style to describe the idea is very unique. When you try to find new book to study, this book very suitable to you. The book Bundle: Introduction to Statistics and Data Analysis, Loose-leaf Version, 5th + WebAssign Printed Access Card for Peck/Olsen/Devore's Introduction to ... Printed Access Card for Peck's Statistics: is much recommended to you to read. You can also get the e-book in the official web site, so you can more easily to read the book.

Clark Palumbo:

In this period of time globalization it is important to someone to get information. The information will make professionals understand the condition of the world. The fitness of the world makes the information simpler to share. You can find a lot of recommendations to get information example: internet, newspaper, book, and soon. You can view that now, a lot of publisher which print many kinds of book. The particular book that recommended to you is Bundle: Introduction to Statistics and Data Analysis, Loose-leaf Version, 5th + WebAssign Printed Access Card for Peck/Olsen/Devore's Introduction to ... Printed Access Card for Peck's Statistics: this reserve consist a lot of the information in the condition of this world now. That book was represented how does the world has grown up. The dialect styles that writer make usage of to explain it is easy to understand. Often the writer made some analysis when he makes this book. That is why this book acceptable all of you.
