Microeconomics By Douglas McTaggart, Christopher Findlay, Michael Parkin

High quality, engaging content for students...ultimate flexibility for educators

The seventh edition of this benchmark Australian text continues to offer students a comprehensive and relevant introduction to economics whilst offering educators the ability to customise and deliver content – your way.

Microeconomics 7th edition provides a streamlined approach to study and recognises the difficulties some students may face in comprehending key concepts. By leaving the more technical content and application until later, students can enjoy the more exciting policy material from the beginning and engage with the content early.

Through compelling examples, clear explanations and the latest instructive on-line resources, the text draws students into the content and reinforces learning through practice and solving problems which are relevant to them.

The authors train students to think about issues in the way real economists do, and learn how to explore difficult policy problems and make more informed decisions by offering a clear introduction to theory and applying the concepts to today's events, news, and research.

From reader reviews:

Shawn Macdonald:

Why? Because this Microeconomics is an unordinary book that the inside of the publication waiting for you to snap it but latter it will shock you with the secret that inside. Reading this book adjacent to it was fantastic author who also write the book in such awesome way makes the content interior easier to understand, entertaining approach but still convey the meaning thoroughly. So , it is good for you for not hesitating having this anymore or you going to regret it. This amazing book will give you a lot of gains than the other book include such as help improving your talent and your critical thinking technique. So , still want to postpone having that book? If I were you I will go to the reserve store hurriedly.

Susan Gagnon:

Do you have something that you want such as book? The reserve lovers usually prefer to opt for book like comic, limited story and the biggest one is novel. Now, why not attempting Microeconomics that give your satisfaction preference will be satisfied by means of reading this book. Reading behavior all over the world can be said as the way for people to know world better then how they react in the direction of the world. It can't be stated constantly that reading routine only for the geeky particular person but for all of you who wants to become success person. So , for all of you who want to start looking at as your good habit, you can pick Microeconomics become your personal starter.

Mary Young:

Your reading 6th sense will not betray you actually, why because this Microeconomics book written by well-known writer who really knows well how to make book which can be understand by anyone who have read the book. Written with good manner for you, still dripping wet every ideas and producing skill only for eliminate your current hunger then you still hesitation Microeconomics as good book but not only by the cover but also with the content. This is one guide that can break don't evaluate book by its cover, so do you still needing yet another sixth sense to pick that!? Oh come on your studying sixth sense already said so why you have to listening to one more sixth sense.

David Sayre:

Do you like reading a e-book? Confuse to looking for your favorite book? Or your book had been rare? Why so many query for the book? But any people feel that they enjoy with regard to reading. Some people likes looking at, not only science book and also novel and Microeconomics or even others sources were given

knowledge for you. After you know how the good a book, you feel want to read more and more. Science publication was created for teacher as well as students especially. Those publications are helping them to put their knowledge. In different case, beside science book, any other book likes Microeconomics to make your spare time more colorful. Many types of book like this.
