**War of the Sun (Wingman Book 10)** By Mack Maloney

**With the West Coast on the verge of destruction, the Wingman takes flight to Japan to fight for what he loves most**

America has been split in two: An army of cultish mercenaries from East Asia has seized the West Coast, conquering territory as far east as the Rocky Mountains—all in the name of Hashi Pushi, a Japanese despot revered as a god. The army may be scattered, but it receives support from two submarines that patrol the Pacific, each armed with a nuclear warhead. Any attack, they have promised, will result in the annihilation of two American cities—a price the battle-scarred populace is not prepared to pay.

Onboard the carrier *Enterprise*, Major Hawk Hunter prepares to strike. His target is not the submarines, but Tokyo itself. In a modern-day Doolittle raid, he and his fellow pilots will attack this warrior cult from the top down, bringing the Wingman face to face with one of America's most dangerous enemies.

*War of the Sun* is the tenth book of the Wingman series, which also includes *Wingman* and *The Circle War*.
