#### **Amazon.com Review**

Look ma, no textbooks! The Learn in Your Car series treats you like a child--in the best possible way--starting with one-word phrases ("please," "good-by"), counting exercises, and simple nouns ("bus," "train") designed to imitate a child's learning process. First you hear the words in English, then they are repeated slowly in clear, unaccented pronunciations. The method is extremely effective for those who don't know a thing, or for those who want to brush up by testing themselves when the English words are spoken. The tapes emphasize the building blocks of communicating in a foreign country rather than rote phrases that only apply on the tape and not in real-life exchanges. Level 1 painlessly covers basic verb forms, essential prepositions, near future and past tenses, as well as shopping, hotel reservations, and other travel-related situations. The series includes French, German, Italian, Russian, Japanese, and Spanish in three levels that can be purchased individually or in boxed sets. Each level contains two 90-minute cassettes (or CDs) and an accompanying booklet (not for use behind the wheel) with helpful explanations and scripts for the lessons.
