### Metal Corrosion in Boats By Nigel Warren

Understanding metal corrosion and its prevention is vital for the safety and integrity of a boat. Failure through corrosion or fatigue can result in masts falling down, keels falling off or boats quietly sinking in their moorings. Less dramatic are such problems as pitting or fracture of propeller shafts, erosion of pipe work, rusting of steel hulls and galvanic corrosion of aluminum ones.

### Editorial Review

#### Review

Of all the books in the Powerboat Reports/Practical Sailor libraries, one of the most coveted guides has been Nigel Warren's Metal Corrosion in Boats. That's why we're happy that Sheridan House has published a second edition of this most helpful of reference books... This is an excellent little book (224 pages including index) that we think just about any boat owner would find a valuable addition to his or her marine reference shelf. -- *Powerboat Reports*, May 1999

Unless you are a walking encyclopedia, capable of holding in your head the corrosive properties of dozens of metals and the mathematics it requires to install correct anodes, Nigel Warren's book belongs in your nautical library. -- *Ocean Navigator*, July/August 1998

#### About the Author

Nigel Warren is a professional naval architect who has designed a variety of craft ranging from frigates and fast ferries to workboats and launches. He has been a keen sailor and boat owner all his life, and is a regular contributor to the yachting press.

### Users Review

#### From reader reviews:

##### Katrina Roberts:

Book is written, printed, or descriptive for everything. You can understand everything you want by a e-book. Book has a different type. As we know that book is important issue to bring us around the world. Beside that you can your reading skill was fluently. A e-book Metal Corrosion in Boats will make you to be smarter. You can feel far more confidence if you can know about almost everything. But some of you think that open or reading some sort of book make you bored. It's not make you fun. Why they are often thought like that? Have you searching for best book or acceptable book with you?

##### Jeffery Bruce:

Nowadays reading books be than want or need but also work as a life style. This reading behavior give you lot of advantages. Advantages you got of course the knowledge your information inside the book that improve your knowledge and information. The knowledge you get based on what kind of book you read, if you want drive more knowledge just go with training books but if you want experience happy read one using theme for entertaining including comic or novel. Typically the Metal Corrosion in Boats is kind of guide which is giving the reader erratic experience.

##### Denise Niemi:

Reading a book to get new life style in this 12 months; every people loves to examine a book. When you learn a book you can get a lots of benefit. When you read textbooks, you can improve your knowledge, due

to the fact book has a lot of information in it. The information that you will get depend on what forms of book that you have read. If you would like get information about your examine, you can read education books, but if you act like you want to entertain yourself read a fiction books, these us novel, comics, along with soon. The Metal Corrosion in Boats provide you with a new experience in looking at a book.

### **Eric Saunders:**

As a student exactly feel bored to help reading. If their teacher questioned them to go to the library or even make summary for some e-book, they are complained. Just small students that has reading's soul or real their passion. They just do what the instructor want, like asked to go to the library. They go to at this time there but nothing reading very seriously. Any students feel that studying is not important, boring along with can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this Metal Corrosion in Boats can make you truly feel more interested to read.
