Editorial Review

From [Booklist](#)

Crilley, probably best known for his Akiko novels and comic books, weighs in with the Miki Falls series, about lively, curious high-school-senior Miki, ready for adventure and romance. Attractive new student Hiro Sakurai piques Miki's curiosity, but he is not interested in making friends. Stubborn Miki, however, refuses to take no for an answer, which leads to a surprising revelation about the secretive young man. Except for an odd twist at the end (which, presumably, will be developed in future volumes), there are no surprises here. Crilley's *manga*-inspired illustrations, on the other hand, are terrific. Ranging from crisscrossing sequential panels to spot art, varied in size and artfully connected to further the plot, the pictures cleverly instill the story with abundant emotion, humor, and drama. An overlay of light shading and almost delicately rendered facial features and details give the book a softer feel than much *manga*. Despite the age of the characters, this will attract more middle-schoolers than older comics fans. *Stephanie Zvirin*
