**Atlas of Prejudice: The Complete Stereotype Map Collection** By Yanko Tsvetkov

**One hundred stereotype maps glazed with the most exquisite human prejudice, especially collected for you by Yanko Tsvetkov, author of the viral Mapping Stereotypes project.**

Satire and cartography rarely come in a single package but in the *Atlas of Prejudice* they successfully blend in a work of art that is both funny and thought-provoking. The book is based on *Mapping Stereotypes*, Yanko Tsvetkov's critically acclaimed project that became a viral Internet sensation in 2009. A reliable weapon against bigots of all kinds, it serves as an inexhaustible source of much needed argumentation and—occasionally—as a nice slab of paper that can be used to smack them across the face whenever reasoning becomes utterly impossible.

The *Complete Collection* version of the *Atlas* contains all maps from the previously published two volumes and adds twenty five new ones, wrapping the best-selling series in a single extended edition.
