Listening to Animals: Wildlife Rehabilitation, Exotic Pets, Telepathic Animal Communication, and a Remarkable Journey from Atheism to Spiritualism By Adele Lewis Coon

Adele lives in the Bitterroot Valley of western Montana, home to some of the most amazing wildlife in the United States. She volunteers much of her time caring for injured and orphaned native animals sent to her through local game wardens, police dispatch, and valley residents. This is a first-hand account of Adele's vivid experiences with these and other animals, including parrots and pythons, that led her to a new paradigm of growth and evolution through her interactions and communications with these fascinating and wise beings. But it isn't just Adele's story... She gives a voice to those who would like to tell you: slow down, experience the rhythms of nature, become aware of a bigger picture, Spirit is unconditional love, and the Universe is unfolding as it should. Animals are much more knowledgeable and aware than many people realize. Fortunately, there are ways to hear their messages about the interconnectedness of all life on our planet. Adele currently resides with her husband Don on a few acres outside of town with dog Cody, emus Aten and Ara, wallaby Jordan, and Nicki, a red and green feathered chatterbox of a Lory.
