Nameless: The Darkness Comes (The Bone Angel Trilogy Book 1) By Mercedes M. Yardley

Luna Masterton sees demons.

She has been dealing with the demonic all her life, so when her brother gets tangled up with a demon named Sparkles, '**Luna the Lunatic**' rolls in on her motorcycle to save the day.

Armed with the ability to harm demons, her **scathing sarcasm**, and a hefty chip on her shoulder, Luna gathers the most unusual of allies, teaming up with a green-eyed heroin addict and a snarky demon 'of some import.'

After all, outcasts of a feather should stick together...**even until the end.**

This is volume one in **The Bone Angel Trilogy** by Mercedes M. Yardley, author of the award-winning novella *Apocalyptic Montessa* and *Nuclear Lulu: A Tale of Atomic Love*. *Nameless* proudly carries on the tradition of Dean Koontz and David Wong.

Brought to you by **Crystal Lake Publishing - Tales from the Darkest Depths**

Interview with the Author:

What can readers expect from **Luna and the gang?**

Mercedes: Luna is a sarcastic, quirky character who sees demons. I wrote the book while getting my motorcycle license, so I gave her a bike that she's in love with. She's very prickly to conceal the hurt and vulnerability that she holds at her core. I adore her. I adore her brother, Seth, who is very straight-laced contrast to his nomadic sister. I adore Mouth, who is a demon of some authority, and Reed Taylor, who is the only person on earth who doesn't believe Luna is straight crazy. They're a motley bunch who try to do their best for each other.

While Nameless is an **urban fantasy**, what are some realistic issues brought up in this book?

Mercedes: Nameless: The Darkness Comes deals with some very real issues. Mental illness, abandonment, drug use, and suicide are a few of the real-world topics that are threaded through the story. They're stigmatized, painful subjects, but they're very much at the core of this story. That's one of my favorite things about fiction: we can discuss hard topics that we normally shy away from.

Why should readers give Nameless a try?

Mercedes: Nameless isn't your stereotypical urban fantasy. Luna isn't a girl who deals deftly with the demonic. She screws up, often, and her mistakes hurt those she loves. I enjoy books that have characters who are born with powers and handle them perfectly, but that isn't who I wanted to write. I wanted a real girl who is dealt some raw hands, and that's Luna. **She's fun and surrounded by a delightfully bizarre cast.** This is a creepy, feel-good book about death and demons and friendship, and I'm working hard to make sure the trilogy comes to a real and satisfying conclusion.

Editorial Review

Review

"Mercedes writes with a fluidity and accessibility that instantly draws you in. The characters are by no stretch heroes, and this makes them all the more compelling to the reader. The story plays out like a gleefully twisted dear diary, and moves along at a pace which makes turning the pages almost effortless. There's an intimacy to this book that makes you feel like you're being spoken to individually, and a turn of phrase which is simultaneously dramatic, witty and poetic in equal measure." - James Walley "Praise for her earlier work compared to favourably to Joe Hill and, with Nameless, she proves again why this is. Mercedes has a strong, unique voice that brings her brand of dark fiction straight into the reader's mind. She has an effortless, dynamic turn of phrase which feels natural at all times." - Jay Faulkner "This is a book that doesn't shy away from the dark and disturbing choices that we, as humans, make. Life is precious, and yet sometimes we seem to accept our own mortality far too easily. Suicide is not an easy subject to write about, but the author writes about it with sensitivity as it's a pivotal moment for so much that happens in this story." - LITERAL ADDICTION's Vivacious Valkyrie - Marta "Fans of Mercedes M. Yardley's work will have no trouble gobbling up her first novel-length work, and it is definitely good news that there will be two more books forthcoming in the series. Although it's an urban fantasy novel, it involves demon hunting, and there's plenty of action and fight scenes to go around, the novel is inflected with Mercedes's unique voice, which shines through in each of her works, and sets this one apart from the pack." - Reviewed by Hellnote's Dark Eva

About the Author

MERCEDES M. YARDLEY wears red lipstick and poisonous flowers in her hair. *Nameless: The Darkness Comes*, book one of The Bone Angel Trilogy, is her second work for Ragnarok Publications, the first being the 2013 Stabby Award-winning, *Apocalyptic Montessa and Nuclear Lulu: A Tale of Atomic Love*.

Mercedes has been published in several diverse anthologies and magazines, ranging from John Skipp's horror anthologies, the *I Will Survive* book with Gloria Gaynor, and *Neverland's Library* by Neverland Books.

She has also worked as a contributing editor for *Shock Totem Magazine* and currently lives in Sin City. Her short story collection, *Beautiful Sorrows*, came out in 2012.

Users Review

From reader reviews:

Shanika Jeans:
