Commonsense Methods for Children with Special Educational Needs By Peter Westwood

This fully revised and updated seventh edition of *Commonsense Methods for Children with Special Educational Needs* continues to offer practical advice on evidence-based teaching methods and intervention strategies for helping children with a wide range of disabilities or difficulties. The advice the author provides is embedded within a clear theoretical context and draws on the latest international research and literature from the field. Coverage includes:

- learning difficulties and disabilities
- students with autism spectrum disorders, intellectual disability, physical or health issues, and sensory impairments
- gifted and talented students
- developing social skills and self-management
- behaviour management
- teaching methods
- literacy and numeracy
- curriculum differentiation and adaptive teaching
- computer-based instruction and e-learning.

Peter Westwood also provides additional information and advice on transition from school to employment for students with disabilities, lesson study, e-learning, and computer-aided instruction, and reflects on the important changes made within the latest *Diagnostic and Statistical Manual of Mental Disorders* (DSM-5).
