Girl, Have I Got Good News for You By Thelma Wells

Women today are constantly juggling the never-ending demands of work, family, church, and life in general. The pace never slows, and the consequences are often discouragement, disappointment, and an overwhelming sense of failure. Not only do the demands never stop, but much of the time, life just doesn't go the way we had planned. We face difficulties and dilemmas that seem insurmountable.

So how can we prepare to meet these trials and tribulations as God would have us do? Thelma Wells has biblical answers that speak directly to a woman's heart.

As an African-American woman born during the days of segregation, Wells learned her early life lessons through hardship, oppression, and personal loss. Stamped with her unique blend of humor, honesty, and compassion, *Girl, Have I Got Good News for You* is Thelma Wells' guide to healing and wholeness for Christian women today.

Editorial Review

About the Author

"Freedom," says Thelma Wells, "comes when you are not dependent on any human being to design your life and your attitude for you; when you realize nobody is responsible for your happiness but you." She should know! Thelma overcame childhood abuse and poverty to become the happy, successful woman you see today. The first black woman to become an Assistant Vice President of a commercial bank, Thelma went on to organize an international speaking and consulting company (for which she received the Small Business Administration's Entrepreneur of the Year Award), earn a master's degree, and become a college professor. Last year Thelma was awarded an honorary doctorate - but she says we don't have to call her "Dr. Wells". Her new book, *What These Girls Knew*, takes a look at women in the Bible and what they have to tell us today. Thelma and husband George live in Texas, enjoying their children and grandchildren.

Users Review

From reader reviews:

Christi Ross:

The book *Girl, Have I Got Good News for You* give you a sense of feeling enjoy for your spare time. You may use to make your capable considerably more increase. Book can being your best friend when you getting pressure or having big problem together with your subject.
